

August 21, 2018

Dear Parent/Guardian,

I want to welcome you and your child to David A. Brown Middle School. My name is Paul Brown and I am going to be your child's Math Course 1 teacher this year. I am very excited to have the opportunity to teach your child and will do everything I can to make sure they are successful. I want to let you know that Back to School Night is Thursday, August 30th. This is where I will be giving a lot of information about the class. Hope you can make it that night.

I have a class website [www.mrbdabms.com](http://www.mrbdabms.com). On the class website there is a blog for Math Course 1 where I post what we are doing every day in class (assignments, handouts, tests/quizzes, etc.). This is a good place to look if you want to know what your child is doing in math or if your child is absent from class.

As a teacher I am always willing to accept donations of Kleenex, white copy paper (8 ½ by 11), and 12 pack colored pencils.

Hope you had a fantastic summer and are looking forward to a great school year! D. A. B is the place to be!
