

MATHOGRAPHY

Write a letter about yourself that will help me get to know you as an individual. The letter should address the three general topics below (in bold). Each topic should be at least one paragraph. The questions provided below are merely suggestions to help you get started.

About You: By what name do you like to be called? With whom do you live? What languages do you speak? What languages are spoken at home? What are your interests, talents, hobbies? What are you proud of? When is your birthday? If there was one thing I should know about you, what would it be?

You as a Math Student: Describe your math memories from kindergarten until now. What experiences in math have you liked? Why? How do you feel about taking Course 3?

You as a Student: What are you like as a student? What are your academic strengths and weaknesses? What are your favorite courses? What have you liked about them? Have you worked with others before? Do you like working as part of a team? Why or why not?
